

## Who Told You... You Were Broke?

Jones first book, Who Told You You Were Broke, encourages readers to start speaking life into what appears to be a dead situation. He says, The title is a play on what God said to Adam when He asked him, Who told you you were naked? I realized that the word of God said, I have given you everything that you need so actually who told you that you didnt have it? Most people are fine until somebody else points out that they dont have something but its not about whats in your bank account, its whats in your heart. Even if your bank account has nothing in it, your heart has millions.
