

Shadowbox Press activity books offer an easy and effective way to improve the quality of communication for people living with Alzheimers disease, Parkinsons disease, stroke, brain injury, dementia, or other memory-impairment condition. WILD ANIMALS features interesting facts and stunning photos of some of the most amazing creatures on Earth. From the ferocious lion to an amusing monkey, each page will provide a captivating experience for the reader. WILD ANIMALS is a fun and simple picture book developed for memory-challenged adults and their caregivers, family members, and activity directors. The book is designed to supply sensory and cognitive stimulation in order to promote opportunities to reminisce, recall special memories, and share stories together. The book features:

- Delightful facts
- Simple, easy-to-read, large-print text
- Vivid full-color photographs
- Engaging Conversation Starters
- Interactive Activities to extend the experience
