

Broken But Not Shattered

The Sequel to THE LONELY WIFE: HOW DID WE GET HERE? Chapter One

The first day of the year is interesting. Out with the old and in with the new, they always say. So whats new remains to be seen. Although, Im still high from last nights message. I can see very clearly, some things I am not willing to withstand this year. My vision and my identity have been restored and now its time for me to take the bull by the horns and pull myself out of this. Im a good wife. I may not be perfect, but I do whats required of me. All the things Ive allowed a man to do - no more. For far too long, Ive put everything and everybody first. Now, as we embark upon this New Year, things are going to change. Oh, a change has to be and its going to be. This year, there will not be another unnecessary tear or the fear of me not meeting his needs. Ive done everything in my power to be the best wife God has called me to be. But - Wow...theres that word again. A three letter word almost makes us who we are. It seems to come between everything. This time, it really is defining who we are and the insinuation of a plan B. Who cares about a Plan B! For all I know, B could stand for bondage. Because, thats what its been - BONDAGE! Again and again, I find myself questioning my every decision and wondering, whats the next move? But...here we go again. In my decision making, I find myself considering the children. They deserve to grow up in a two parent household. However, with his virtual mistress, its more like a two and a half parent household. I wonder if they even know they have a cyber step-mom. Does he even realize hes pretty much replaced me with her? What does he even need me for? Apparently, he has everything and if he could stick his thing into one of those ports, well lets just say - that would totally alleviate my being here. Suddenly you find yourself in the middle of Stupid

Street, looking like a deer in the middle of rush hour traffic. What are you supposed to do? There you are back out there looking for Mr. Right and all you keep finding is Mr. Wrong. Then you finally meet somebody and of course hes that fine as wine man. Almost identical to what you just got rid of. Just like a scene from a movie, he comes at you with all the right words, wanting to know where youve been all his life. Oh and the smile. With teeth like that, he doesnt have to say a word. Just flash that bright beautiful smile with them big ole pearly whites. All you can picture is his lips touching yours. At first youre thinking, Im only going to give him about five minutes of my attention. Five minutes quickly turn into an hour and everything you promised you wouldnt do, you find yourself doing. You completely forget who you are. Before you know it he puts it on you like OMG! He makes you totally lose your mind. The next thing you know, youre doing his laundry. Oh yeah, the first few times his boxers are cute. Youre envisioning him walking down the hall and youre thinking, Umm umm...look at those muscular thighs. Then those sexy muscular thighs wrap around you in the middle of the night, and those tight, snuggly arms hold you, squeezing you ever so close. Before you know it; the same drawers are now pissing you off while youre throwing them into the washing machine.Ha!!! Ya know what? Ok, let me bring it back home. I know Im not the only one that feels this way.
