

## The Leaders of Leaders

This book is for parents, managers and leaders. It provides the prescription for success in family and business life by adapting Jesus wisdom. In today's troubled times, the scarcity of competent leadership is a global concern. Much has been written on the subject but a credible model for effective leadership remains elusive. In Michael Constantine's powerful new book, *The Leader of Leaders*, he presents the leadership qualities of Jesus as a leadership pattern of unprecedented social value. It provides the necessary tools for success and happiness for leaders in all aspects of life at home, at work, in public service. In simple and direct language, *The Leader of Leaders* examines how Jesus created modern leadership concepts such as vision, mission, teamwork, focus, commitment, training, and motivation. He was the first in history to demonstrate true leadership qualities. His teachings provide us with a platform from which we can build successful organizations, businesses and families. The book takes a new and refreshing look at his life, showing how his leadership style may be applied to every aspect of everything we do leading to amazing results. The book identifies priorities for people to focus on. It shows in simple terms that the paradoxes of human characteristics are normal and healthy, and how we can balance the contradictory features of our behavior to be tough but just, spiritual but not sanctimonious, confident but not arrogant, says Constantine. *The Leader of Leaders* relevant, insightful, and effective offers solutions to our personal and business problems with answers clearly laid out for us in the words of Jesus. The book is a spiritual awakening; it is both inspirational and powerful in its simplicity. The leadership qualities and divinity of Jesus unfold at a breathless pace, capturing the essence of this remarkable leader.
