

# Real Wealth - How to make Smart Money Choices for what matters most to YOU

Real Wealth - How to make Smart Money Choices for what matters most to YOU is a straightforward, values-based approach to managing your wealth. After the worst recession in our country's history, we all have different, sometimes difficult, decisions to make about how to manage our money. That's what makes Real Wealth by Bruce Helmer so timely and relevant. In this updated edition of Money and the People You Love, Bruce shows you how the critical piece missing from personal financial planning is the personal part: your relationships and your values. He shares an uncommonly common-sense approach to wealth management based on what matters most to you in your life. Real Wealth is an essential book for right now. And for your future.
