

The Good Friends Guide to Money: Your Math-Free, Guilt-Free Guide to Financial Health

Many women experience money as a source of sadness, jealousy, anger, resentment, confusion, or worry. They want to be responsible, but feel out of control with their money. They work so hard to earn it, but there never seems to be enough. In *Girlfriends Guide to Money*, authors Lucinda Atwood, Ann Leckie, and Marina Glass show women how to develop a great relationship with money in order to live happily and fully. With humor and personal anecdotes, and in easily accessible language, they provide the tools to help women to change their unhealthy and negative thoughts about money. *Girlfriends Guide to Money* teaches women how to clarify their personal values, develop their own financial goals and action plans, and spend and save in alignment with those values. In addition, financial experts provide their advice on topics such as starting a new job, disability, job loss, and bankruptcy. The *Girlfriends Guide to Money* is not about budgeting or deprivation. It is about thoughtfully aligning saving and spending with personal values. With clear values, women can set financial goals and action plans that fit like a well worn pair of jeans so they can be successful on their own terms.
